General Framework for Operational Efficiency:

- I. Frame the issue(s) clearly – always keep the Purpose and Rationale in mind as your group conducts its business.
- II. Ensure the group has broad representation of relevant stakeholders and perspectives, especially of those who may be most impacted by the recommended course of action, as well as the necessary expertise to evaluate all aspects of the issue(s) – seek out participation if necessary.
- III. Conduct a discovery inquiry, investigate all facets of the issue – surveys and information Q&A sessions are opportunities to consider.
- IV. Identify one or more of the best options for addressing the issue(s). List and weigh all of the pros and cons of each option in order to identify one (or more) recommended option(s) to forward to the relevant decision-making body, thus allowing the most appropriate conclusion.
